

Regular Season Cancellation Policy

- 1) League cancels all games before 4pm due to weather emergency - no pay.
- 2) League cancels all games after 4pm due to weather emergency - ½ pay for one game, no pay for remaining.

The officials need to be able to contact somebody in the 3 to 4pm time period to check on game cancellations. I need an Officials Schedule to see who is assigned to each game site and their contact info so the Conference Leaders can include them on their emails/calls. Also we will have the officials get back to us on what happens during weather issues. The Coaches and Host Sites will be doing the same with me.

- 3) After the Officials arrive the Organization cancels all the games at their site due to unplayable conditions - ½ pay plus \$3.00 travel fee for one game, no pay for remaining.
- 4) After the Officials arrive the Organization cancels the first game at their site due to unplayable conditions - ½ pay plus \$3.00 travel fee for one game, no pay for remaining. If organization asks officials to wait around and no second game they should get half fee for second game.
- 5) Previous game was suspended or cancelled and the Officials remain to see if the remaining game(s) can be played - ½ pay for that game, no pay for remaining.

6) Game is cancelled in the 1st half due to weather - \$20 pay for that game.

7) Game is suspended in the 2nd half due to weather - full pay for that game.

Opening Weekend Cancellation Policy

- 1) League cancels all games before 7am due to weather emergency - no pay.
- 2) League cancels all games after 7am due to weather emergency - ½ pay for one game plus \$6.00 travel fee, no pay for remaining.

Note: If an Official leaves a site for any reason while the games are in suspension then they won't get paid. They must be at the site to be considered working a game.

Note: In all cases me, the appropriate Conference Leader and the Organizational Leader for the Host Site must be notified by the Sunday of that week by the affected Officials of any games that have been suspended or cancelled due to weather in order to receive pay for them. John and I will let you know what games affected and what officials by that Sunday.

Note: Thunder is heard that game is suspended for 30 minutes. If it occurs in first half the Officials will wait and if not heard again okay to start second half. If it occurs in second half the game will be suspended if it's the early game. If it occurs in second half of the second game the game will be called.
